

MESSAGE FROM AMERICAN FRIENDS OF TAIWANESE FOR SELF-DETERMINATION

布格先生代表，「支持台灣人民自決運動的美國友人」，在本湾区 KPIX (CBS) 第五電視台發表了以下的聲明，該項聲明曾在本月二日至七日間，每天由該電視台播出。

Mr. Joel Berger, representing American Friends of Taiwanese for Self-Determination, delivered the following message on Channel 5, KPIX (CBS) TV station. The message appeared daily between February the 2nd and the 7th, 1976.

Recent events have sparked much debate on the status of Taiwan. The assertion that Taiwan is an internal Chinese matter, as proclaimed in the Shanghai Communique, ignores the fact that Taiwanese (85 % of the population) do not consider themselves Chinese. Communique and propaganda can not change the real situation or deter Taiwanese efforts for self-determination. Taiwanese do not support the Nationalists' despotic rule or their claim to represent all China. Normalizing relations with the People's Republic of China is not incompatible with allowing the Taiwanese to decide their own fate free from big power dictation.
